Patrick J. Kennedy, the former congressman and youngest child of Senator Ted Kennedy, opens up about his personal and political battle with mental illness and addiction for the first time.

This candid memoir focuses on the years from his 'coming out' about suffering from bipolar disorder and addiction to the present day, and examines his journey toward recovery while reflecting on America's treatment of mental health.

Toleransevinduet for optimal aktivering. Begrepet toleransevinduet refererer til det spennet av aktivering som er optimalt for et individ – ikke for høyt og ikke. Korsryggsmertner. Ryggsmertene stammer som regel enten fra skiverelaterte årsaker, slik som prolaps og skiveutglidninger, eller fra muskulatur i regionen.
